The SureStrikeMAG™ is a combined effort of the original SureStrike™ laser cartridge from Laser Ammo USA Inc, and the Smart Dry Fire Magazine, by DryFireMag®, LLC, that creates a powerful tool that can help any level of shooter, improve its handling skills with a striker activated pistol like Glocks or Sig P320.

The shooter can use their own carry pistol with no need to rack the slide with each shot, and practice target acquisition, stance, accuracy and more with 100% safety at the convenience of the shooter's own home.

By squeezing the trigger continuously, the SureStrikeMAG™, activates the SureStrike™ laser cartridge to emit an eye-safe laser pulse, a "shot" of red (or Infrared) light, which simulates the point of impact where a bullet fired from the firearm would have struck.

SureStrikeMAG™ advantages:

- The SureStrikeMAG™ is set to simulate a factory Glock 5.5 – 6lb trigger weight. An optional spring kit for lighter or heavier trigger weight is available.
- The SureStrikeMAG™ is activated by a powerful rechargeable battery that will last for thousands of shots and can be recharged by a USB-C cable (included in package).
- The SureStrikeMAG™ works with all Laser Ammo electronic targets and Smokeless Range® simulator for a more realistic and immersive training experience.
- This SureStrikeMAG™ is available for many 9mm, 40sw and 357sig Glock models (with optional adapter rings), and all versions of the Sig P320. Other models will be available in the future.
- The SureStrikeMAG™ Package includes the FDA approved class 1 eye safe SureStrike laser and the UhrSecure™ safety system, that allows visual indication that the gun is safe, for 100% safe training at home, and 3 reflective target cards (with red laser only).
- The SureStrikeMAG™ Does not use pistol's firing pin.
- The SureStrikeMAG™ Perfect for tactical training, marksmanship, and speed drills. And perfect for practicing double tap and build proper muscle memory.
- The SureStrikeMAG™ pays for itself in ammo savings.

LAM-G9MLK-RED (Double stack Glock) | LAM-G43XLK-RED (Glock 43X /48) | LAM-P320LK-RED (Sig P320) \$299.95 (Red laser)
