NEW for 2019

SMOKELESS RANGE 2.0

SIMULATOR TRAINING EVOLVED

MSRP: \$499

Our Smokeless Range® Simulator, just got much better!

The Smokeless Range® 2.0 includes the same 10 firearms training drills, but with significant visuals and functional updates; Helping to drive the shooter's training even further then before.

In addition, the Smokeless Range® 2.0 Simulator update gives you the option to include the new short throw camera. This option matches short throw projectors on the market and allows you to gain valuable training room and overcome difficult lighting conditions.

NEW FEATURES

- Visual updates
- Two-player competition
- Leader board
- Additional functionality for most drills
- Short Throw Camera (optional)
- Cleaner / easier navigation dedicated for touch-screen or use your gun to navigate between scenarios
